

HOLIDAYING AT ALDE GARDEN WITHOUT A CAR

"Coming with only bikes as transport was a bit experimental but we were delighted that it exceeded our expectations. Suffolk offers perfect cycling & I was impressed by the respect we were offered by the few vehicles we did meet, they were careful to pass us safely.

"We didn't know how the non-cyclists would get on (between the lot of us we included a 11 year-old and a 65 year-old who don't normally cycle, and the others were varying in experience), but they really enjoyed it.

"Alde Garden is perfectly situated with lots of interesting places to visit within a few miles and you can't beat being on bicycle for enjoying the scenery en route and seeing all the wildflowers and birds up close"
